Shiva Kumar Asam

Web Developer

Education

BTech in Computer Science And Engineering
National Institute of Technology, Andhra Pradesh
CGPA: 8.77
2020-present

XII
SriGayatri Junior College,Hyderabad
98.8%
2018-2020

Projects

- **Social Q&A web application for our institute students**
  URL: https://loop2022.herokuapp.com/
  Github repo: https://github.com/AsamShivaKumar/loop
  Front-end: **HTML, CSS, Javascript, jQuery**
  Back-end: **nodejs, ejs, mongoose**
  Allows the users with our institute mailID to create an account and upload their queries on various aspects. **Nodemailer** package is used to send mail to the students' mails for authentication.
  bcrypt package has been used for hashing passwords.
  Uses jQuery's Ajax requests wherever possible to render the page asynchronously.
  npm packages used: bcrypt,nodemailer,dotenv,ejs,express,mongoose,body-paser,cookie-parser

- **Keeper App**
  URL: https://keeper-app2022.herokuapp.com/
  Github repo
  Front-end: **reactJS, CSS**
  Back-end: **nodejs, express, mongoose(mongoDB)**
  Simple responsive web-app made using reactjs and nodejs which allows the users to keep or store their data or notes.

- **WeathNex**
  Chrome extension which provides real-time weather prediction of user's present location using *openweathermap API*
  Github repo
  Technologies used: **HTML,CSS and Javascript**
  App also allows the users to search for the weather prediction of a particular location.

Skills

Reactjs | nodejs | ejs | mongoDB | jQuery | CSS
Javascript | MySQL | Git&Github | HTML | Java
restAPI | DSA

Also familiar with: working with APIs, **Unix** commands,deployment using **Heroku**,**C langauge**, **Bootstrap**
